

Arrangements and escorted to the park.

Guests at Barbecue.

Beneath a grove of trees and on a gently sloping lawn, half a dozen long tables, all covered with barbecued meats and vegetables in plentiful supply, were spread. Knowing that the thirst of a journey is a staying thirst, the committee of arrangements had also supplied plenty of soft and malt drinks to appease the appetite and wash down the dust of travel.

Fully a thousand people were gathered in the park to do honor to the visitors. An hour was spent in dining and in looking over the park. Many women were present and they administered to the needs of the women in the endurance party who, after having passed through a heavy blinding rain and over roads which nearly threw them out of their seats, were much in need of the kindly attention bestowed by the women of Durham.

Unfortunately, Mayor Griswold was kept away from the barbecue on account of an important business engagement, and his place as chairman of all the committees was taken by P. C. Graham. The endurance party attended valiantly to his duties as host, and just before the time for departure, Allen Potts, who was riding in the pilot car, and who, therefore, was forced to leave early, arose to make

Many clothing merchants look at their juvenile clothing department as a dead weight, but at this store it is one of the live factors.

We make it one of the best departments in our shop. Because the boys' trade means a growing business.

Here are some of the new things:

—a fancy serge suit with reefer to match.

—wash suits with kimono style necks.

—a double-breasted blouse with washable collar. Also a coat suit with a combination collar.

But the new things here are too numerous to list. Come and see.

St. Denys

Depart from Durham. It was then that the pilot car to leave and proceed on time to Durham, closely followed by the Rambler and Speedwell, official cars, and by Louis Rosenstock's Speedwell, the press car. Just before the party left, three cars were given for Mayor Griswold and the hospitable citizens of Durham.

The endurance party was met ten miles from Durham by H. Scroggins, in an E. M. P. J. E. Johnson and W. L. Bryan, in a Hummer, J. J. Hollo-way, in a Reo; Y. E. Smith, in a Buick; B. F. Thomas, in a Thomas 60; J. C. Michie, in a Reo; J. M. Armistead, in a Reo; W. L. Armistead, in a Reo, and George Lyon, in a Peerless. The party was met in Clarksville by Buck Lyon, Mayor W. J. Griswold, Dr. A. Cheatham, ex-Mayor, and P. C. Graham, in a Pope-Toledo.

The road into Durham was fairly lined with automobiles, all waiting to escort the visitors in but in the short time allowed the official cars, it was impossible to obtain the names of all who acted as escort. Mrs. Walcott, in a Jackson, piloted the Virginians into Durham and Dr. B. Lyon, in a Leon Automobile Garage, piloted the party to Oxford. All the cars were taken to Mr. Lyon's garage and the utmost courtesy and attention were shown the owners.

Before passing further, it may be said that Durham county appropriates \$25,000 a year for the improvements of the county roads, and now has 100 miles of roads which are in almost perfect condition. It is a fitting example for the counties of Virginia to emulate.

On to Oxford.

After leaving hospitable Durham the party traveled on towards Oxford, twenty-five miles distant, arriving there on schedule time. All Oxford was out on the streets, and during the fifteen minutes spent there the party was entertained by members of the Granville Commercial Club, who had hoped that the Richmonders might be able to spend at least an hour in their town. The visitors were met a few miles out by a specially appointed committee consisting of Dr. E. T. White, W. H. H. Pott, S. Roster, J. Robert Wood, J. A. Nix, James Osborne and A. H. Powell. The party was led by Messrs. Niles and Osborne in a Stoddard-Dayton.

A committee of women had been appointed to meet the women taking part in the endurance run, and they are as follows: Mrs. E. M. White, Mrs. C. D. Ray, Mrs. A. H. Powell, Mrs. E. Howlings and Misses Lizzie Pearson, Mattie Ferabee and Sophie Taylor.

After refreshments had been served in Oxford, the endurance party was escorted a few miles out of Oxford, on its way to Clarksville, the night control.

The roads were fearful until within five miles of Clarksville, where the Mecklenburg county authorities had made a splendid highway. On this part of the run several cars suffered accidents to their machinery. One broke a spring, another bent an axle so badly that the owner was tempted to withdraw his car, and others strained their machinery. In several places the hills were so thick with mud that even the big cars could hardly climb.

The bridges were exceedingly bad and badly laid planks were rooted up by every car which passed over them. Several cars were forced to stop to replace the blanks in the bridge. The road originally laid out as part of the route was found to be in too bad repair for travel, and the Richmonders were escorted and directed to another

the fiscal year was referred to the Finance Committee.

Public Playground.

Mr. Workman offered a resolution providing for an allowance to the deputy sergeant of Hustling Court, Part 2; Mr. Umlauf offered an ordinance increasing the pay of employees of the street cleaning department. Mr. Pollock offered a resolution directing the Grounds and Buildings Committee to report on the advisability of establishing a public playground on North Tenth Street. An echo of the famous flume investigation was the appropriation of \$10.50 to pay the expenses of R. M. Bolling in coming to Richmond as a witness in that investigation, the bill having been overlooked. Mr. Pollard called from the table a resolution as to the assessment of fiduciary taxes and had it referred to the Finance Committee.

Mr. Mills offered a resolution appropriating \$5,000 to improve the road of Broad Street from Jefferson to Twelfth Street, and a resolution appropriating \$500 to the account of the Advertising Committee.

Under suspension of the rules an ordinance was adopted providing for extension of water mains to the State Fair Grounds.

After announcing that it was by request, and that he would not vote for it himself, Mr. Lynch presented a petition from citizens of Marshall and Jefferson wards, asking that the Sea-brook Warehouse site be converted into a municipal playground.

Mr. Brown offered an ordinance to provide a district physician to the poor of Washington ward, a resolution to acquire land to round out the court-house square in South Richmond, and a resolution instructing the City Attorney to carry out certain condemnation proceedings begun by the former city of Manassas, which was adopted. A communication from the Board of Fire Commissioners as to fire protection in South Richmond went to the Committee on Finance.

Washington Ward Maps.

On recommendation of the Committee on Finance, an appropriation of \$5,000 was made to pay for maps, surveys and profiles of Washington ward, represented as the first step in the general scheme of improvement of that section.

The Finance Committee recommended an appropriation of \$2,500 in accordance with the compromise agreement made with the Street Committee with L. G. Miles and others, as to a ravine in the East End, after debate the matter was tabled.

On recommendation of the Finance Committee \$35,120 was transferred from the recent bond issue to the account of sewers generally. The Council accepted a bill for the southwest corner of the Capitol Square, recently dedicated by the State. Judgment of \$150 was ordered paid to J. E. Clay.

The City Attorney and City Engineer, with the property owners affected, were authorized to appoint a board of arbitration to fix the damages by reason of the change in grade of streets in Fairmount, the decision of the arbiters to be binding on both parties. The Council adopted a great mass of minor resolutions settling claims for damages by reason of change of grade, refunds of taxes erroneously assessed and transferring accounts to the City Engineer.

The salary of the City Engineer was increased from \$2,000 to \$2,400, and that of the clerk to the Water Committee to \$150 per annum. After long debate the pay of the night foreman at the Lower Gas Works was fixed at \$3 per day. Appropriations of \$300 were made to purchase street car tickets for Councilmen from South Richmond, and of \$2,000 for the installation of arc lights in Washington ward, and \$300 for the construction of a bridge at the entrance of Maury Cemetery, South Richmond. A resolution depositing \$2,850 to the credit of the Circuit Court of Henrico county for the acquisition of certain property for sewer rights of way was adopted.

Many Projects Rejected. The Finance Committee recommended the rejection of the following propositions, all of which were rejected: Resolution instructing the City Attorney to acquire land to round out the corner of the Capitol Square, appropriating \$4,000 for a new heating system for the City Hall; appropriating \$1,000 to the National Rivers and Harbors Congress, and petitions for refund of taxes from the Southern Bell Telephone and Telegraph Company, R. A. Burton & Company and W. C. Mason.

A proposition to expend \$25,000 on ornamental street lights for Broad Street was recommended to the Committee on Electricity without recommendation from the Committee on Finance.

In conformity with the action of the Street Committee, the Committee on Finance recommended that the City Attorney be instructed to institute condemnation proceedings for a strip of land ninety feet wide over James River, for a bridge to supplant Mayo's Bridge, the owners of that structure having failed to make any satisfactory offer, and the resolution was adopted.

The Committee on Water asked \$10,000 for operating expenses, and \$5,000 for water meters for the plant in Washington ward. The Street Cleaning Committee recommended a special appropriation for cleaning Broad Street from Ninth to Belvidere. The Grounds and Buildings Committee asked \$1,500 to repair public buildings in South Richmond.

To Unravel Tangle.

The janitor ordinance in which the Grounds and Buildings and the Finance

Committees have locked horns, was referred without debate to the Committee on Ordinances, Charter and Reform to be unraveled. On recommendation of the Grounds and Buildings Committee, the City Attorney was instructed to condemn certain lots needed for enlargement of Riverside Park.

The following papers were recommended by the Committee on Ordinances, Charter and Reform and referred to the Committee on Finance: Fixing the salary of the clerk of the Hustling Court; providing for a keeper for Joseph Bryan Park and fixing his salary; providing for a nurse at the City Jail and fixing the salary of the Superintendent of Street Cleaning.

The Committee on Ordinances, Charter and Reform recommended for adoption with minor amendments the plan of the special Committee on Changes in the Form of City Government, providing for the appointment of an administrative committee with certain duties. It was referred to the Committee on Finance.

CHAPMAN ASKED FOR WAR HISTORY

Details Wanted of Killing of Federal Officer by Mosby's Men.

Anxious to learn the details of the killing of her brother by Mosby's men on April 1, 1863, in Loudoun county, Va., sister of Captain Henry C. Flint, of the First Vermont Cavalry, has written to Colonel W. H. Chapman, revenue agent, who was in Mosby's command, for information regarding the fight.

Colonel Chapman said yesterday he remembers distinctly the killing of Captain Flint, who led the Union soldiers at Miskel's Farm, on the turnpike between Leesburg and Washington. He and his brother were in the thick of the fight. However, he does not recall witnessing the death of Captain Flint.

The Federals swooped upon the Confederates camped in a barnyard at Miskel's with about 150 men. Mosby's boys numbered about 65. The Confederate leader and his men were completely routed by the skillful maneuvering and hard fighting of the Federals in turning the tables on the enemy, and captured nearly 100 Union soldiers and 90 horses.

An excellent account of the fight at Miskel's is found in Williamson's book on "Mosby's Rangers." The sister of Captain Flint is now residing at Norfolk, Va. Colonel Chapman will write to her.

NOT TO GET WARRANT

Whipping of School Pupil Satisfactorily Adjusted.

No warrant will be sworn out by E. R. Hutchinson, who is the principal of the Chalmers School, charging him with cruelly whipping a child, as the matter has been satisfactorily adjusted.

The effect of a statement made by Dr. C. C. Chandler, superintendent of public schools, last week, that Mr. Hutchinson, who lives at 403 North Thirty-second Street, appeared in the Police Court yesterday morning with his twelve-year-old son, claiming that Principal Sturgis had whipped him unmercifully. It was said by Mr. Hutchinson that at that time he did not know whether he would swear out a warrant or "clip the principal's wings." Evidently all hands have smoked the pipe of peace.

CONGRESSMAN IS HUMILIATED AT WHITE HOUSE

(Continued From First Page.)

not see me. I then told Mr. Norton that I had made an appointment ten days ago for the delegation accompanying me to see the President.

Mr. Norton again conferred with the President.

"When he returned he informed me that the President would see the delegation accompanying me, but would not see me. I admit I was surprised almost beyond expression. I immediately left for the White House."

Mr. Harrison said he knew of no reason why the President took the action he did, as their previous relations had always been pleasant. It was at a loss to account for it. It was suggested that perhaps the President had refused to see him because of his introduction in the House some days ago of the resolution calling upon the Attorney-General for information bearing on the preparation of the President's letter of September 13 last exonerating Secretary Ballinger.

Mr. Harrison replied that he did not know whether that was the cause or not. Mr. Harrison is a Democrat, and is serving his second term from the New York district which he represents.

"Can't Stand Criticism." Representative Harrison, to-night made the following statement:

"It is unfortunate for the President that he cannot stand criticism. It is unfortunate for the country that he cannot stand the truth. My newspaper statement at which he takes offense was merely an exposition of the scandalous fact that the President had sent to the Senate of the United States an official document in the Ballinger-Pinchot controversy, which the date had been wilfully falsified by being predicated. My resolution of inquiry drew out this information in a written confession by the Attorney-General."

"It is no concern to me that I am not welcome at the White House, but it is the concern of every American citizen that statement of the truth about the President may render it impossible for a representative to discharge his duties."

"I came to the White House to-day."

not as a matter of pleasure, but in the execution of a public duty. I came by appointment made with the presidential office on May 31 to present a delegation of distinguished citizens on an important public mission. After a delay of forty minutes, at the very door of the President's office, I was told that the President would not receive me. It is not surprising that he did not care to meet me to face any one who was instrumental in bringing to light the desperate attempt to better the administration's case in the Ballinger-Pinchot matter by manipulating public documents. If every one who is justly criticizing the Taft administration is to be barred from the White House, it will become a lonely place."

Representative Goldfogle, as has Representative Keogh, to-day stated that had he known Mr. Harrison was not to be received at the White House, he also would have refused to go in.
